## North Dakota Issues Second Coin

The State of North Dakota has announced a new coin issue of its Official Centennial Coin in observing and celebrating the 100th Anniversary of the founding of the Dakota Territory.

In announcing the 2nd Issue of the Centennial Coin at ceremonies held in the State Capitol at Bismarck, Governor William Guy presented the first coin minted to Mr. Mark Mahto, a full blooded Mandan Indian who during the Centennial year is representing "Four Bears" the famed Mandan Indian Chieftain whose portrait is featured on the front of the North Dakota Coin.

The second issue of the Centennial coin will feature a different reverse which displays the Official State Coat of Arms and Motto "Straight from the Soil". The coin will again be struck in Bronze and Nickel Silver metals, with the Nickel Silver issue being limited in quantity as was the first issue. The front of the coin will remain the same as the first issue which showed the Mandan Indian Chief "Four Bears", a Pioneer Homestead and Covered Wagon.

The Official Dakota Territory Centennial Coin is available to collectors in either Bronze or Nickel Silver at a price of \$1.50 each, or \$1.75 each mint sealed, by writing to Centennial Coin, Dept. C, Box 755, Bismarck, North Dakota.

# "S" MINT ! COINS !

## RJR IS STILL DELIVERING!

During the past weeks, we have contended that the "S" coins were on the way up in price and demand because of the SAN FRANCISCO mint closure and low issues from that Mint. There still is no doubt in our minds that profits are and will continue to be reaped by purchasing our circulated "S" rolls. Nearly one half of our customers are dealers who are stocking up and selling the coins as singles many times above what they are paying for them.

Though "S" coins are on the way upward in price, RJR still offers unsorted "S" rolls at the following wholesale prices. Only by selling in large volume are we able to hold our prices down. Remember — Scarce date and choice condition coins are left in the rolls. No badly damaged coins sent - who wants them?

All Prices Per Roll — All Orders Shipped Prepaid.

## FROM YOUR EDITOR'S DESK...

Mint sets have Double D—Joseph Schreiber from L.I., N.Y. can prove it. Schreiber, brought his discovery to our office for our inspection. Sure enough there it was in a mint sealed container, a 1960 Double D cent. These he stated were ordered in Nov. 1960 and were received in Feb. 1961.

Check Your Mint Sets!

New Custom Made Holders—Mark Leitch of W. Orange, N. J. a long time advertiser of ours informs us he has available a new model of plastic holders with nickel or brass screws to match coins. The holders come in all colors and also come in large sizes for medals. Custom work is available for all types and series, also U.S. maps up to 30" x 48".

Another 1957 Small 7 Dime was found by James Davis of Carlisle, Pa. Photo was in our April 29th issue.

Today's High Prices are tomorrows bargains. This saying has proven itself time and again. Many items that were passed up because they seemed high, were bought later at an even higher price. If you need a coin or proof set, now is the time to shop. Every summer during June-July there is a lull in sales, thus dealers offer bargains. These same bargains hold their price better in August and thru the winter with a probable increase. So, if you are in the market to fill up some of the empty spaces in your collection buy now and save.

# BEACON'S NEW "SHARE THE COINS" PLAN

The Beacon plan now assures you to a find of a lifetime in unsorted coins. A BU Lincoln Cent as a bonus! Not just any BU Cent, but an opportunity to find a BU key or semi-key coin. It may be the coin of your dreams; a 1909-S VDB; a 1955 Double Die; or a prize 1914D all in BU condition. All BU coins will be choice gems. They will be the finest BU coins we can purchase, no matter how high a price we pay for them.

## HOW THE PLAN OPERATES

You purchase a Beacon package of unsorted Lincoln cents. These unsorted coins are electronically separated by the Electro-scanner, a new device for separating coins via electronic waves. The coins used to "feed" the device are obtained from over fifty sources from every part of continental United States and Canada. We have had great success in the sale of these unsorted coins in the past. We sold over 2200 packages from our latest ads and hundreds of these were re-orders. We have verified reports of all key and semi-key coins found in these packages. Although the packages offered in this ad are packaged in different quantities and categories, we are still maintaining a steady flow of "raw" coins in our attempt to give you the ultimate in satisfaction. We know you will be pleased and satisfied as others have. The value of these coins alone, if sold as singles will bring in more than the cost of the package. Great for trading or improving your own set. The new packages contain 200 coins in the following categories: 75 "S" mint coins, 75 "D" mint coins and 50 "P" mint coins, all from 1909 to 1961.

## PLUS BONUS

One BU Lincoln cent (protectively wrapped) included in every package. We will positively include every single coin in BU condition from 1909-1961 including P, D & S mints. To insure against any partiality, we have pre-numbered every package and its corresponding BU Coin Bonus. Names of coin collectors who have received key or semi-key coins will be listed periodically in this publication. We can assure you that every 100 packages contain at least a dozen BU key and semi-key coins. Fair enough? Now, lets Share the Coins!

<b>1 Pkg. Unsorted Lincoln Cents Plus 1 BU Lincoln Cent</b>	<b>\$ 10.00</b>
<b>3 Pkgs. Unsorted Lincoln Cents Plus 3 BU Lincoln Cents</b>	<b>29.00</b>
<b>(one per Pkg.)</b>	
<b>6 Pkgs. Unsorted Lincoln Cents Plus 6 BU Lincoln Cents</b>	<b>55.00</b>
<b>(one per Pkg.)</b>	

The above prices supersede all previous price lists.

Your opportunities are greatly multiplied by the new plan. You may very well get that dream coin now. Send for a trial package or better still, order several. It could mean the answer to your everlasting wishing and searching for that certain coin. ANY WAY YOU LOOK AT IT, HERE IS THE GREATEST NUMISMATIC VALUE OF THE YEAR.

### Dealers Note:

Write! We have a "Beacon Sealed" package for over the counter sales. They will make you very popular with the coin collectors.

Beacon reserves the right to substitute any BU coin that cannot be purchased after reasonable attempts. The substituted coin must be of equal or higher value than the coin originally intended.

**ORDER TODAY — GET THAT BU CENT IN YOUR PRIZE COLLECTION.**

## Numismatic Student, Writer, To Advise Publishing Group

Mr. Somer James, president of the Canadian Numismatic Publishing Institute, Winnipeg, has announced that Mr. Harold Don Allen, numismatic writer and student, will undertake a review of the priced catalogues and other literature produced by the firm, and will be associated with future publishing ventures in the capacity of editorial consultant.

Mr. Allen, whose addresses and published articles are recognized as having contributed to the current high level of interest in Canadian numismatics, is past president of the Montreal Coin Club and life member of the American and Canadian Numismatic Associations and the Royal Numismatic Society of New Zealand. His publications include—Canada: "Rationing—A Numismatic Record" (1956), "Canadian Numismatic Digest" (1960), and several hundred general and specialized articles on various aspects of recent numismatics. He has concentrated his major efforts on the study of paper currency, having one of the best known general collections on this continent.

Mr. Allen will advise on both editorial and numismatic content of the Institute's present publications and projected publishing ventures. This work will supplement his acting in an advisory and contributory fashion to leading catalogues and periodicals in North America and overseas.

Winner of a gold award for his contributions to extracurricular journalism of McGill University, where his first numismatic article saw print, Mr. Allen has written professionally and for pleasure in such diverse media as Canada's "Star Weekly Magazine", education journals, the weekly press, numismatic periodicals here and abroad, and many smaller club publications. A distinction graduate in Science of McGill University, his advanced studies in mathematics education have been on the Rutgers and Santa Clara campuses. He heads the mathematics department of Montreal's Northmount High School, where he advises an active numismatic group.

The winner of three individual first awards in National Coin Week competition, Mr. Allen has used television, national network radio, the press and the lecture platform in promoting organic numismatics. Portions of his reference collection have functioned as a travelling exhibit among Canadian branch banks, and individual notes serve as illustrations in leading journals and catalogues.

"An Atlas of World Paper Money", in preparation for the Canadian Numismatic Publishing Institute, will draw heavily on Mr. Allen's collection of world currency and knowledge of this extensive field.

## Racketeer Nickel

THE GLOBE AND MAIL

By PETER S. FAVRO

The U.S. Secret Service recently confiscated an 1883 "racketeer" nickel from a coin collector in Iowa and a special agent later said that all such coins should be delivered to the Treasury Department for disposal.

While this would seem to be a normal process of law, and while there have been convictions under Title 18, Section 331 of the U.S. code for mutilation, diminution and falsification of coins regarding these coins, this is the first time that a "racketeer" nickel has been confiscated from a collector.

The "racketeer" nickel is a Liberty 5-cent piece that was issued in 1883 with the word cents missing. The coins subsequently were gold-plated by counterfeiters and passed as \$1 gold pieces which they resembled. The large V on the reverse lent weight to the deception.

The word cents was added under the Roman numeral as soon as it was realized that the first issue could be so easily used to defraud. As a result there were two distinct types of the 1883 Liberty 5-cent piece.

It is difficult to understand why the authorities have ordered the return of racketeer coins after 78 years, considering that Section 5 of the Gold Reserve Act of April, 1933, provided that "No gold shall hereafter be coined, and no gold coins shall hereafter be paid out or delivered by the United States..."

The United States went off the gold standard in 1933 and there have been no gold coins in circulation since then. Numismatists and coin collectors generally are greatly incensed by the confiscation and U.S. numismatic publications are strongly critical of an action which they consider unreasonable and unwarranted.

A parallel situation in Canada would be for the Government to call in all the playing card money issued by the French regime because it is not legal money. Neither can be spent but each is quite valuable numismatically.

It is hoped that the recent U.S. confiscation order will be reconsidered.

# "Loose Coin Talk"

By NICHOLAS SALIMBENE

I have received a number of letters inquiring about the whereabouts of Mr. Fred Johnson. I am sorry to say I do not know. I suggest to those who sent in the letters that they write to the police and postmaster of Mr. Johnson's city and inform them of what has happened. I have never met the man personally, in fact, I don't even know what he looks like.

I have also received letters which indicated that there is still a lot of collectors who are getting stuck with bogus coins. To answer these letters as a whole I would advise the following: In most cases, the seller of a bogus coin is an innocent dupe. The cause for the "Alter" or "Cast" coin to be passed on so successfully lies in the lack of knowledge that is so prevalent in our hobby. This last statement borne out by the fact that all a person has to do, is either join a coin club or any of the regional organizations—and overnight they become "bonified" numismatists. I again repeat, here is our true enemy, **LACK OF KNOWLEDGE**, not the seller, not the buyer, nor the actual counterfeiter. I am not condoning the counterfeiter, for heaven knows, he has been with us from the first day of coinage and will be with us till times end . . . this we must expect and accept as an occupational hazard and as such should prepare ourselves to live with it. This preparedness can only come through knowledge . . . I therefore suggest the following: Every coin club throughout the country should have a **SECURITY PANEL**. It would be their function to examine and pass judgement in regards to any questionable coin. They could also grade coins if the need should arise. At every meeting they could give a brief talk on any bogus coin that may be circulating in the area, recent news bits pertaining to any exposed frauds, the naming of any dealers who have been exposed as bad risks for any reason what so ever. The members could relay to this board any dissatisfied transactions that they may have been involved in. From this the **SECURITY PANEL**, upon their judgement, could contact the dealer, or person, accused and thereby get the other side of the story, and then in turn, relay the outcome. The clubs who have this **SECURITY PANEL** should subscribe to all of the journals, with the club paying the bill, thus assuring this above group of not missing any items that may be in one and not the others. This would indeed be a very small price to pay in comparison to what is offered in protection. I WANT TO STRESS THE NECESSITY OF THIS ABOVE PANEL . . . I have seen time and time again where a club member has approached a dealer or supposedly authoritative and asked to please give his opinion on a possible altered coin or asked if he would grade a coin and receive a "NO COMMENT" answer. With an attitude of this nature, CAN YOU SEE WHY IT IS EASY TO PASS A BOGUS COIN? Who then can a person turn to? . . . Now if there was a **SECURITY PANEL** . . .

Thank you for the Lincoln Cent Mr. Francis Kasprowski of St. Clairsville, Ohio . . . I would call this a joined six and one . . . The one which I mentioned last issue has a dot instead of the last digit one.

I was asked by one writer if I knew of a good way to check a "SHELL COIN." To you readers who may not know what this is I'll explain. An examination of a "SHELL COIN" will reveal nothing—as it is a masterpiece of mechanical ingenuity—but it is really a COIN and a SHELL—the inner coin of one denomination, the shell of another denomination. This is a cute trick and when used as such involves the showing of a dime only to be placed in the hand and when the hand is opened, the dime has changed into a penny. In the hands of an unscrupulous person this trick coin becomes a two-headed coin, a 1959 obverse Lincoln cent with a 1958 reverse, a double tail cent and so on. The best way to check for this is to get an ordinary glass tumbler, insert the coin and shake the glass. In most cases the coins will come apart. If no glass tumbler is available, hold the penny around the edge with your thumb and first and second fingers and tap your fingers on a table or your other palm—the slight jag makes the inner coin fall out . . . I would like to hear from readers who have any mechanical coins . . . as this is a pet hobby of mine . . . I am willing to answer any questions pertaining to "trick" coins, all you have to do is write.

If you place your son in front of you and repeat last issues riddle—you will have the answer . . . Try this one: There is a well, thirty feet deep. Every day a frog jumps up five feet and every night he slips back four feet, how many days will it take for the frog to get out of the well???

My vote for the coolest meeting place for a coin club goes to the Newark Coin Club . . . last meeting, on a very hot and muggy night, a number of members had to leave due to the cold weather inside . . . A regular meeting of the Middlesex County Coin Club is equal to many of a coin convention which I have attended. I urge anyone in the area to attend, you will be surprised and I assure you a wonderful time . . . Free eats are in store for their September meeting, so come one, come all . . .

**COIN TIP:** Carry your Coin Press around with you, in this way you will be assured of the true market value day by day, rather than year by year . . . Hats off to Mr. Frank Spadone for a truly usable guide . . .

Keep writing — 67 Congress Street, Newark 5, New Jersey.

*We Present*  
**THE OFFICIAL MEDAL**  
**OF THE**  
**CIVIL WAR CENTENNIAL**  
**1861 - 1961**

The Coin and Currency Institute, Inc., of New York and California has been appointed sole national distributor of this medal, which commemorates officially the centennial of the Civil War.

It will be available in both bronze and silver about May 31, 1961.

The medal which is 2½" in size, is being issued under authority of the Civil War Centennial Commission, which was created by Act of Congress. The medal will be struck by the Medallion Art Company from designs and sculptor's models that have been approved by the U.S. Government Fine Arts Commission in Washington, D.C.

As can be seen from the above illustration, the obverse bears the portraits of General Ulysses S. Grant and General Robert E. Lee. The reverse shows the seal of the Civil War Centennial Commission, having as its main theme, a Union and Confederate soldier. The medal will be sold in its own specially made container and will come with a printed, informative leaflet.

In addition to the bronze medal, there will be an issue of pure silver medals, which will be limited to 25,000 serially numbered pieces. The purity of the silver will be greater than .999.

**The official prices of the Civil War Centennial Medal are as follows:**

The Bronze medal	\$ 4.00
The pure silver medal	30.00

(Please note: Because of the limited issue the silver medals are offered subject to being sold out. Those wishing a silver medal should place their order now. Earlier this year many thousands were disappointed when their orders for silver Inaugural medals were placed too late. Because of the overwhelming national interest in the Civil War, it is expected that the silver medals will be quickly sold out.)

The bronze and silver medals will be available about May 31, 1961 at your local coin and stamp dealer, department store coin counters, hobby shops etc., or you may write to either our New York or California office. Established dealers wishing to carry this medal for resale should write to us at once for our terms.
